A cross between a business incubator, a manufacturing plant, a design studio and a garage workshop, **GoCreate** is a makerspace that provides people of all ages and skill levels access to sophisticated equipment, shared work spaces, expert advice and a supportive community of like-minded people to explore individual ideas for innovation. The space serves as a launch pad for creativity, entrepreneurship and technology and acts as a catalyst for business creation and economic growth.

Included in the space are studios for:

- 3-D printing
- Metal
- Wood
- Plastic
- Textile
- Electronics
- Design software
- Advanced materials (composites)
